John M. Driscoll, *General Manager*

## Water Department Fees

Effective 1/5/2017

### **I. Entrance Fees**

Charged to anyone connecting to the Templeton Water System as per schedule

The purpose is to account for the costs associated with increased capacity, system expansion, hydrant maintenance and various improvements necessary as a result of construction of the new unit.

1" Line (minimum)	\$4,300.00
1 ½" Line	\$6,500.00
2" Line	\$11,600.00
2 ½" Line	\$13,300.00
3" Line	\$15,000.00
4" Line	\$17,900.00
6" Line	\$25,600.00
8" Line	\$38,200.00
10" Line	\$53,200.00
Multi-Dwelling* (per unit)	\$2,000.00

\*defined as a residence that houses more than one living unit.

### **II. Hydrant Fees**

The purpose is to recover the cost of providing additional fire protection and to recover unmetered water use for both public and private entities.

Municipality	\$300.00/hydrant/year
All Others	\$200.00/hydrant/year

### **III. Sprinkler Fees**

The purpose is to recover the cost of providing additional fire protection and to recover unmetered water use.

Commercial Building (up to 20,000 sq. ft.)	\$50.00 per quarter
Commercial Building (over 20,000 sq. ft.)	\$100.00 per quarter
Domestic Building	\$25.00 per quarter

Areas are determined by Board of Assessor's records

### **IV. Backflow Testing Fee**

Initial Survey	\$0.00
Device Testing (April & October)	\$100 per test

All new commercial and industrial buildings attached to the Templeton Water System may be required to install (at the service entrance and immediately downstream of the meter) a reduced pressure (RP) back flow device. A survey of the commercial and industrial establishment will determine the need for said device. The device must be approved by the Templeton Water Plant. All costs will be paid by the owners and/or the person(s) to whom the bills are assigned.

### **V. Meter Fees**

Accuracy Testing	\$80.00 per test
------------------	------------------

If testing indicates that the meter in question was registering incorrectly then this fee will be waived.

Customers allowing their meter to be damaged by frost or otherwise will be held responsible. Customers will pay for their replacement parts and service charges as outlined in the fee schedule.

The second meter installation (for irrigation) at any house, apartment, condominium or other residence will carry a fee of \$400.00, effective 2/9/2005.

### **VI. Inspection Fees**
