Electric Utility Groundman
Templeton Municipal Light and Water

Templeton Municipal Light and Water is seeking candidates to fill the position of Electric Utility Groundman. A Groundman performs all groundwork necessary for the operation, maintenance and repair of Templeton's 13.8 kV electric distribution system which includes overhead and underground plant as well as a distribution substation.

Requirements for this position include:

- High school diploma or GED

-mechanical aptitude

-ability to work outdoors for extended periods in inclement weather and at heights

-ability to work nights, weekends and holidays as required

-be willing to relocate within 10 miles of TMLP office within 6 months from date of hire

-successfully complete Department designated schooling to become first class power lineman subject to standby duty for power outages and other emergencies

-Massachusetts driver's license (CDL Class A preferred)

-obtain Massachusetts Hoisting License classes 1B and 2A within 6 months from date of hire

-ability to obtain DOT medical certificate

The preferred candidate will have an electrical, mechanical or construction background and possess the required licenses. Complete job description is available at the Templeton Light and Water office Monday-Friday 7am-4pm.

Employment applications are available at www.templetonlight.com. Those interested should submit completed application, cover letter, and resume by April 10th 2026 to:

John M. Driscoll, General Manager
Templeton Municipal Light and Water
86 Bridge St., PO Box 20
Baldwinville MA 01436
